AutoNation of Carlsbad

OUR ROLE

The Carlsbad Chamber of Commerce - the second largest in San Diego County and 10th largest in California - operates on the core belief that a strong business community is critical to the long-term, continued success of our region. By advocating for business while at the same time, listening to the concerns of the community, the Chamber contributes to enhancing the quality of life in Carlsbad and surrounding cities. With more than 1,000 member companies and organizations, the Carlsbad Chamber of Commerce is committed to helping businesses of all sizes thrive.

CATALYST FOR BUSINESS GROWTH

The Chamber's large and diverse membership creates an ideal environment to offer a variety of programs and resources that support and help achieve its members' goals. From networking and promotional opportunities to relocation assistance and legislative advocacy, the Chamber promotes economic growth, allowing companies and organizations to reach their full potential. Through seminars and workshops, the Chamber educates its members in different aspects of business such as human resources, sales techniques, social media and cybersecurity. Advisory committees offer plentiful opportunities for community involvement, and special events let businesses showcase their products and services to a wide audience of prospective clients and business partners, such as the biannual Carlsbad Village Faire, which brings 100,000 patrons to the community in one single day.

CONVENER OF LEADERS AND INFLUENCERS

Creating a collective voice for companies and organizations, the Chamber brings together regional leaders, influencers and entrepreneurs, businesses and professional individuals. This unique core competency results in different types of resources that can be put to work towards a common goal. Members of the Chamber can accomplish collectively what they cannot achieve individually and play important roles in shaping Carlsbad's future. The Chamber organizes and directs the efforts of all who share the desire to improve the community and the conditions under which business is conducted.

CHAMPION FOR A STRONGER COMMUNITY

In the interest of building a robust and varied economy, the Chamber listens to the community, while working tirelessly to support education, tourism, philanthropy, transportation, civic engagement and other cornerstones of a strong community foundation. The Chamber's committees focus on areas ranging from sustainability, technology and legislative matters to emergency preparedness and business resources. Members are encouraged to become involved in the Chamber's committees to make lasting business contacts and relationships, as well as to make a difference in their community by empowering citizens to take responsibility for what happens in the places they conduct business.

A CENTURY OF IMPACT

2023 was an amazing year for us here at the Carlsbad Chamber of Commerce as we celebrated our 100th anniversary. It was fun to look back and share our impact in Carlsbad over the past century. Here are the highlights.

The Carlsbad Chamber of Commerce was founded in 1923 and Roy Chase was our first President. At first there were fewer than 20 members and only three or four regularly attended meetings. However, by 1926 the Chamber was holding weekly Board meetings and monthly dinner meetings for the entire community. These dinners attract-

ed crowds as large as 350 people.

With no city government the Chamber quickly became the voice of the community. The agenda for a community dinner meeting in April of 1926 included discussion of tree trimming, painting of street signs, lobbying the US Post Office for service and producing a promotional pamphlet about the community. The Chamber acted like our City Council nearly three decades before we had one.

In the early 1950's, something happened that spurred Carlsbad to take the next step as a community and incorporate. And it was our neighbors to north that provided the needed motivation.

In 1952, the City of Oceanside made a concerted effort to annex a significant stretch of coastal Carlsbad. The reason was that Oceanside wanted the Encina Power Plant (our long-standing smokestack) to be built in "Oceanside". But on May 2, 1952, the annexation vote failed as it resulted in a deadlock: 45-45. With the annexation successfully defeated the Chamber jumped into action.

R.R. "Red" Robinson was the President of the Carlsbad Chamber Board of Directors in 1950 and 1951. After the annexation attempt failed, he led a charge to incorporate Carlsbad. A vote was held on June 24, 1952, and the proposal was approved by a narrow margin: 781-714. And thus, the "city" of Carlsbad was born. At the time of its incorporation the city of Carlsbad was 7.5 square miles and 6,963 residents.

In the 1950s, the north coastal region of San Diego County was rural and had few services of its own. Local community leaders knew that a modern local hospital was essential to the area's growth. Chamber leaders from the Carlsbad Chamber joined forces with the Oceanside and Vista Chambers to promote the idea of creating a regional hospital.

In the mid 1950's, voters elected to form the Tri-

Carlsbad gateway sign was installed in December, 2014.

City Hospital District. The voters also approved a bond issue to fund land purchases and construction costs. In 1961, the hospital opened its doors with 42 physicians on staff.

The Carlsbad Village Street Faire has been a staple in Carlsbad since its inception in the 1970's. However, it was started as a sidewalk sale in 1974 by Keith Kennedy, a longtime Carlsbad resident and US Marine veteran. His goal was simple: help promote downtown Carlsbad businesses.

In 1982 the Carlsbad Chamber of Commerce assumed management of the Street Faire and has served in that role ever since. By the 1990's, this small event had grown to become the largest one-day street faire in the nation! We currently host approximately 900 vendors at each faire. The crowds of people who come to shop, eat, and enjoy themselves are estimated at over 100,000. If you extrapolate that over multiple decades of hosting this faire twice a year, that is getting close to 10M visitors that have descended upon Carlsbad Village.

As the 1980's transitioned into the 1990's, the LEGO Corporation was scouring the United States for the perfect spot for its first North American theme park. By 1993, they had narrowed their options down to two sites: Carlsbad and an east-coast location. At that time, Elaine Lyttleton was the Chairman of the Board for the Carlsbad Chamber of Commerce. Elaine led a delegation of city, civic, business and community leaders to Denmark to convince the LEGO Corporation that Carlsbad was the perfect spot. And she suc-

ceeded.

LEGOLAND California opened its doors in 1999. The positive economic effect that LEGOLAND has had on Carlsbad cannot be overestimated as you see our tourism has exploded over the past 25 years.

In 2024 the iconic Carlsbad sign will hit its 10th anniversary of being erected at the bustling intersection of Carlsbad Boulevard and Carlsbad Village Drive. In the 1930's Carlsbad had a wonderful sign that is very close in design to our current sign. It was also installed in roughly the same spot as our current sign. However, that sign was torn down for some unknown reason.

October of 2000, Carlton and Sandy Lund, owners of the Lund Team Realty, were in Encinitas meeting some friends. Carlton was impressed by Encinitas' revival of their historic gateway sign and he decided right then and there that Carlsbad needed to do the same.

Unfortunately, it was not a short journey. In 2013 Carlton became the Board Chair for the Carlsbad Chamber of Commerce. Through and with the Chamber, the project picked up steam. TaylorMade Golf donated nearly \$250,000 for the manufacturing and installation of our iconic Carlsbad gateway sign. So with TaylorMade's financial support, the Chamber's backing, and Carlton's persistence, the sign was installed in December, 2014 and unveiled on January 8, 2015.

It has been a great 100 years! The best is yet to come!
