Enjoy a taste of the Mediterranean from San Diego

Panini Kabob Grill (PKG), a full-service and fine-casual restaurant in the Square at Bressi Ranch, is open for dine-in and offers both a large cozy dining room and a spacious patio that wraps around its building. This summer, PKG invites the community to take a break from cooking and bring their loved ones to enjoy the fresh air and fresh Mediterranean food.

In every part of the PKG experience, PKG works hard to prepare its delicious kabobs, mouthwatering paninis, satisfying pasta entrees, savory hummuses, flavorful falafels, and homemade tiramisu from scratch daily with fresh, healthy ingredients. Instead of taking frozen food and warming it up to give to you, PKG’s staff prepares the dishes upon order with fresh ingredients delivered daily. Even the ingredients are prepared by the staff each day such as the slicing, dicing, and cutting of produce (instead of purchasing pre-sliced produce that has been sitting around). They prioritize quality over profit in each aspect of the menu.

When dining in at PKG, you can enjoy the warm service provided by attentive servers. No reservations are required, to enhance the convenience of dining.

Check out the Yelp feedback from guests who dined in so far:

“It’s always a great experience at Panini

Panini Kabob Grill’s high quality ingredients mixed with their outside covered patio make for a great place to dine out.

Kabob in Carlsbad. We ate here a few times and never left disappointed. The quality of food and service is always very good. The menu offers good selection of various dishes. All is made fresh and with high quality of ingredients. The flavoursome dishes are well

balanced and seasoned which you can taste with each bite.” wrote Jarek M. on Yelp.

“Came to visit family and they introduced me to this amazing restaurant! Plenty of street parking and plenty of seating inside and outside. A big fan of their outdoor cov-

ered area. Great view of the street and when the sun starts coming down they have shades to block the glare. Our waitress was very friendly and attentive. I strongly recommend getting any of the Kebab options - all delicious.” wrote Nina M. Yelp Elite.

PKG’s most popular dish is the Kabobs Family Style, perfect for sharing with a party of four. It includes three skewers with juicy chicken and vegetables, a choice of rice, and a choice of salad. Additionally, to offer guests a taste of the Mediterranean, pasta entrees and panini entrees are also available for guests to enjoy. With the variety of the menu, there’s an option to please just about anyone in guests’ families or groups.

PKG remains dedicated to offering generous portions, affordable value, and most importantly, delicious quality, freshness, and healthiness in its menu. PKG encourages you to dine out and enjoy a homemade dinner with families, friends, coworkers, or loved ones.

PKG’s Carlsbad restaurant is located at 2622 Gateway Road, Suite 100, Carlsbad, cross from Sprout’s Markets. To find PKG’s other San Diego locations (Del Mar, Mission Valley) and full menu, please visit their website www.PaniniKabobGrill.com or download the My PKG app, available in both the Apple Store and Google Play Store.

The Village Kitchen & Pie Shoppe

is a family owned and operated american dining restaurant.

Village Kitchen + Pie Shoppe offers an assortment of fresh baked pies, cinnamon rolls, muffins and other baked goods for everyone to enjoy.

American dining for locals and visitors

Located in coastal Carlsbad, **The Village Kitchen & Pie Shoppe** is a family owned and operated american dining restaurant. Since 1996, it has specialized in American homestyle breakfast, lunch, and dinner, offering an assortment of fresh baked pies, cinnamon rolls, muffins and other baked goods for everyone to enjoy.

In 1996, Annette Bradley and Hope Clausen had the idea to start a restaurant together in Carlsbad, California. A place where they could offer a delicious homestyle meal with hearty portions and a piece of pie to top it

off. With that idea in mind, the Village Kitchen and Pie Shoppe was born.

After a few years Hope decided to sell her portion of the restaurant and concentrate on her family business. Since that time Annette has been running the show with her sons Chris and Craig by her side. With friendly and hard-working staff, this Carlsbad restaurant provides quality food and excellent service to locals and vacationers alike.

Less sugar and more joy

GelatoLove is one step ahead in food innovation.

Not all desserts are created equal. For those that dream of an Italian gelato that is creamy, tastes amazing AND contains 80% LESS SUGAR ADDED than regular ice cream, pinch yourself. Your dream has come true with **GelatoLove!** The Carlsbad company founded in 2015 is cutting edge in food innovation. At GelatoLove the traditional Italian gelato recipes are combined with the ‘California’ devotion to healthy and local ingredients. All fresh fruit is sourced from local farmers like the legendary **Carlsbad Strawberry Company** and Walton Organic Lemon Farm in San Marcos. GelatoLove is also a partner of the North County based dairy manufacturer Hollandia Dairy, which is also *Humane Certified*.

“Our gelato is different”, states Paola Richard, owner of GelatoLove. “We are the first company in the world to use Allulose, a low-calorie sugar found in fruits like kiwis, raisins and figs. It improves sugar metabolism in the body, and we use only the finest, locally sourced ingredients to make our incredibly decadent and creamy gelato, with half the fat and a fraction of the calories of regular ice cream”. Richard, a native of Rome, hopes to bring a positive contribution to food manufacturing and design in Southern California. Allulose is a revolutionary low-calorie sugar, found in fruits like kiwis and figs.

GelatoLove work through the years was recognized with the prestigious Trip Advisor Travel Choice Award, rating us among the top 10% of gelato shops worldwide.

Setting the bar for North County seafood

Bluewater Grill Carlsbad continues to wow seafood fans, local foodies and visitors alike in Carlsbad Village. The destination restaurant opened in late 2017 to offer North County residents California’s freshest, just-off-the-boat, sustainable seafood in an atmosphere of casual coastal style. Since its debut in the heart of the Village, Bluewater has established itself as the go-to source for sustainable seafood and shellfish, weekday happy hours, monthly tastings and wine pairings, and a distinctly neighborhood vibe.

Chef Albert Serrano is applying his years of regional culinary knowledge and seafood experience to create continually updated lunch and dinner menus featuring up to 40 varieties of fresh fish annually. From Pacific Swordfish harpooned in local waters to San Francisco Cioppino with Black Mussels and housemade clam chowder, he is adding his own local gourmet preparations regularly to offer diners a new experience every time.

Meanwhile, General Manager Colbys Hernandez, a North County resident, welcomes customers to a stunningly redesigned space. Owners Jimmy Ulcickas and Richard Staunton worked closely with the City of Carlsbad to create the perfect contemporary fish house destination with reimagined dining room, a new bar and lounge area and fresh market and retail counter offering locally caught seafood and local wines.

Perfect for North County summers, the new space also boasts two new outdoor dining patios for alfresco dining.

Like all Bluewater neighborhood locations, Bluewater Grill Carlsbad is committed to not only serving the freshest seafood but also pioneering sustainable fishing and farming practices.

Since its debut Bluewater Grill has been providing an atmosphere of casual coastal style.

To date, more than 90 percent of the choices on Bluewater’s menus are sustainably caught or farmed – among the highest of any restaurant in California. Bluewater founders also operate the fishing vessel, Piliikia, to provide customers with the freshest, sustainably-caught seafood. Bluewater Grill is open for lunch and dinner daily. Hours are 11am to 9pm Monday through Sunday. Visit bluewatergrill.com

Support local with a family-owned e-bike shop

What began as an idea hatched over a Carlsbad family kitchen counter is now **Griff E-Bikes**, a local family-owned electric bicycle business in Encinitas.

John Griffin, thriving in his 60's, grew up surfing the famed breaks at Grandview, Moonlight and Stone Steps – the same waves his children rode to cultivate the balance and grace that surfing, skating and cycling require.

But an injury on the job at a construction site rendered John with permanent nerve damage. That ruled out enjoying the southern California shore the way he used to, until the discovery of e-bikes. With functions like electric pedal assist and toggle throttle, he found electric bikes served a new kind of freedom both he and his millennial children could enjoy together.

His youngest son, Michael, a war veteran and critical care nurse, finds the Stone Steps mountain bike style of Griff E-Bikes quenches his thirst for adventure.

Middle son, Joseph, now photographer and filmmaker, spent four years as a pedicab driver in downtown San Francisco. He finds the Grandview style city bike perfect for grabbing groceries, towing a surfboard or hauling gear to make the next gig.

Eldest daughter and principal of Griff E-Bikes, Caitlin, spent a decade in Chicago managing international supply chains for global food producers. She returned to the shores of her San Diego hometown to build an environmentally-friendly, grassroots business from the ground up.

Griff E-Bikes offers 0% financing on new purchases, rentals, and full service at our store front location 1900 N. Pacific Coast Highway.

We're Griff E-Bikes. We grew up here. And we sell bikes here. #takeagriff

Advanced hair restoration

Moradi MD is proud to offer the latest in advanced technology for hair restoration for men and women. NeoGraft is the latest hair restoration technique. It is a semi-automatic hair transplant technique for hair restoration and improvements to balding areas or thinning areas, and a can even rebuild a receding hair-line. NeoGraft is considered a semi-automated follicular unit extraction (FUE) hair restoration technique. It differs from FUE and follicular unit transplant (FUT) in that the NeoGraft device (a semi-automated wand) assists the plastic surgeon or provider in extracting hair follicles from donor areas and reimplanting them into the areas where balding or thinning has occurred. It actually uses your own healthy hair follicles and ex-

tracts them from the area of fullness and puts them where you need it. Most healthy men and women suffering from hair loss, balding or thinning, who do not smoke, can be considered candidates for NeoGraft hair transplant. About 2 – 3 weeks after the procedure, patients may begin to notice the newly transplanted hairs falling out. This can be frightening, but it is a normal and necessary part of the hair transplant process. New growth should begin in just a few months and continue to fill in over the next several months with optimal results at around 6-8 months. At Moradi MD, we also offer microneedling with PRP for hair restoration. These treatments offer patients amazing results for thinning hair. Microneedling creates

tiny microchannels in the skin, triggering your body's own healing power. These injuries cause your body to heal, including regenerating your hair follicles. This stimulation can lead to hair growth or hair thickening. PRP involves drawing a small amount of your blood. Next, that blood is processed so that the plasma is separated. This is then injected back into your scalp. The platelet-rich plasma contains growth factors and other healing proteins that stimulate your hair follicles and promote growth. *If you are ready to take the first step toward restoring a more youthful look and improving your confidence call Moradi MD today to schedule a NeoGraft hair restoration 760-726-6451*
