New wine flights with food pairings

The Grand Opening of **Napatini Bistro & Wine Bar** was January 2023, and proprietors Lynn & Gary McLean have been excited to meet so many wine lovers who have come in to experience the Napa, Sonoma and Central Coast Wines. The response from visitors has been amazing! Napatini's approach is to provide an exceptionally unique wine tasting experience by allowing customers to taste 48 different wine varietals from their "wine wall", or to taste the Featured Wines with the expertly paired fine cuisine while in style and comfort.

Napatini recently opened their outdoor dining space to allow customers to enjoy the beautiful Carlsbad weather, warm themselves at either of the two fire pit tables, or to stay cool under oversized, lighted umbrellas. They have recently added Live Music to the delight of customers while creating a fun and upbeat atmosphere.

Napatini offers lite fare that pairs nicely with wines: cheese & charcuterie boards, flatbreads, salads, and entrees. Customers can explore both familiar wines as well as unique, exclusive wines where they pour themselves a taste, half-glass, or full glass from the wine dispensers. Tasting notes for each bottle can be found via QR code and on the Napatini website.

Napatini features a different winery each month, where the wines are offered in a winery room environment. The wines from the monthly Featured Winery are poured for patrons in either a Tasting Room Experience, Red & White Flights, and Flights with Food Pairings.

The Napatini Loyalty club offers discounts on future visits, exclusive invitations to wine-pairing dinners, wine education

The notorious West Bistro re-opens as Bistro 7

Long-time customers are excited the old West Bistro located next to the **West Inn & Suites** has now reopened as a new restaurant, **Bistro 7!** The new menu was born out of the idea of doing more by wasting less. Food, wine, beer, and spirits all have their origin in locally sourced raw materials. That is where most styles originated from; what was present and in abundance in the region. Globalization has allowed us to source grains, fruits, yeast, and other raw materials from around the world. This is great for consumer options, but terrible in the quest towards anything remotely close to 'sustainability'. The reopening as Bistro 7 offers an even more extensive menu. We can't wait for you to try it. From mouth-watering appetizers to decadent desserts, our new curated menu offers a little something for everyone, no matter your palette. Behind our menu, being a sustainable restaurant is very important to our staff.

Sustainability is an often-overused marketing term, and we do not take it lightly. Is a company that sources its ingredients or packaging from China, then exports the finished product around the nation sustainable because they use recycled materials? We think not. Truly achieving sustainability is an increasingly difficult task, but it is our mission to do everything in our power to do so.

We are a chef-centric operation that focuses on the best ingredients with as little manipulation as possible. Our own local farm offers daily bread, produces fruits, vegetables, and hens eggs that are used daily in the Club restaurant.

At Bistro 7, we are a chef-centric operation that focuses on the best ingredients. Many know us formerly as West Bistro. Come try our new restaurant out at Bistro 7!

GelatoLove: A healthier approach to dessert with allulose

GelatoLove is a revolutionary gelato company that combines the traditional Italian art of gelato making with a California-style devotion to healthy, organic, and locally-sourced ingredients. Their gelato is made using a revolutionary low-calorie sugar called Allulose, found in fruits like kiwis and figs. Allulose is a completely plant-based product that is scientifically proven to improve sugar metabolism in your body.

What makes GelatoLove truly unique is their commitment to providing a healthy and delicious dessert option. On average, their gelato contains 80% less sugar than regular ice cream, with only 5 grams of added sugar in a small 4-ounce cup. This means you can indulge in your sweet cravings without the guilt or the sugar crash.

But GelatoLove isn't just about being healthy. They also offer a wide range of delicious flavors, from classic Italian favorites like Stracciatella and Pistachio, to California-inspired flavors like Meyer Lemon Custard and Honey Lavender. Each flavor is carefully crafted using only the best natural ingredients, ensuring that every bite is bursting with flavor.

The company is committed to using only the best natural ingredients in their gelato: like milk and cream from Hollandia Dairy, a

family-owned and Humane Certified farm in San Marcos, California. They also offer a variety of dairy free options.

In conclusion, GelatoLove is changing the dessert game with their innovative use of natural sweeteners and commitment to natural ingredients. So, the next time you're in the mood for something sweet, why not try it? Your taste buds and your body will thank you.

Four generations of strawberry growers

Carlsbad Strawberry Company has been growing strawberries for 4 generations and the experience shows. We have been in Carlsbad since 1952, growing with the city around us and seeing interstate 5 come into being. Since we have started in 1952 our business has grown and adapted drastically to remain sustainable.

Run by the Ukegawa family, we first started growing hundreds of acres of tomatoes commercially in Carlsbad. Ever since prices and labor cost have increased in the U.S. the Ukegawa family had to adapt and create new business ideas to remain in business. This is how Carlsbad Strawberry Company started growing strawberries and later creating the famous U-pick strawberry season.

Carlsbad Strawberry Company and the Ukegawa family are the last remaining farmers off the southern California coast from Oxnard to Mexico.

By continuing to create new ideas for customers to get a hands-on experience with agriculture, the Carlsbad Strawberry Company continues to fight to stay in business. Since the U-pick's introduction in 1999, during the spring and summer months we have introduced a sunflower maze, tractor rides, and other farm-friendly attractions to appeal to the agritourism business.

Since 2015, the Carlsbad Strawberry Company is not only known for our U-pick season in the spring through summer months, but also an annual Fall Pumpkin Patch. The Pumpkin Patch has since grown to be very popular for photo opportunities with 80

pound pumpkins, a mile long trail of corn maze, a scary haunted maze for older clientele, and a marigold field. All the new, interactive attractions has allowed the Ukegawa family to remain in business and continue a long-built family legacy.

**FROM \$ 3,299 PER PERSON DOUBLE OCCUPANCY
INCLUDING AIR FROM SAN DIEGO**

Immerse yourself in the sunshine of legendary Costa del Sol, and then embark on a discovery of its exciting history of explorers and invaders. Hilltop citadels, elaborate cathedrals and palaces, brilliantly whitewashed houses, and quaint Andalusian courtyards speak of the many cultures that graced Southern Spain. This once-great stronghold of Muslim Spain is rich in beauty, history, and tradition, and contains some of the country's most celebrated architectural wonders: the Alhambra in Granada, the great Gothic cathedral in Seville, the Alcazar, and the incredible sight of Ronda, perched dramatically on a bluff overlooking a plunging gorge.

"SINGIN' IN THE RAIN" fans of the movie and the musical can expect a new twist on this musical and dance classic in this ensemble production.

North County's culture hub

New Village Arts (NVA), North County's cultural hub, is ending their twenty-first season, and their first season in the new Dea Hurston New Village Arts Center in Carlsbad, with one of the most beloved and popular movie musicals of all time, SINGIN' IN THE RAIN.

Directed by AJ Knox, previews are May 12 to 19 with performances May 20 to July 2 at the Conrad Prebys Theatre in Carlsbad.

"I am thrilled to be returning to New Village Arts to direct SINGIN' IN THE RAIN," said director AJ Knox, who previously directed LITTLE SHOP OF HORRORS, MURDER FOR TWO, and AVENUE Q for NVA. "We had originally planned for this show back in 2020, and after three long years, it's finally here."

Faithfully and lovingly adapted by Broadway legends Betty Comden and Adolph Green from their original award-winning screenplay, each unforgettable scene, song, and dance from the movie is accounted for, including the show stopping title number. Fans of the movie and the musical can expect a new twist on this musical and dance classic in this ensemble production as conceived by Knox and the team at New Village Arts. "SINGIN' IN THE RAIN is one of my all-time favorite films. I see it as a love letter to movies and theatre, and I cannot wait to share our unique approach to this production," said Knox.

The cast includes Anthony Vacio as Don Lockwood, Emma Nossal as Kathy Selden, and Xavier Bush as Cosmo Brown.

Setting the bar for North County seafood

Bluewater Grill Carlsbad continues to wow seafood fans, local foodies and visitors alike in Carlsbad Village. The destination restaurant opened in late 2017 to offer North County residents California's freshest, just-off-the-boat, sustainable seafood in an atmosphere of casual coastal style. Since its debut in the heart of the Village, Bluewater has established itself as the go-to source for sustainable seafood and shellfish, sushi and sashimi, weekday happy hours, monthly tastings and wine pairings, and a distinctly neighborhood vibe.

Chef Albert Serrano is applying his years of regional culinary knowledge and seafood experience to create continually updated lunch and dinner menus featuring up to 40 varieties of fresh fish annually. From Pacific Swordfish harpooned in local waters to San Francisco Cioppino with Black Mussels and housemade clam chowder, he is adding his own local gourmet preparations regularly to offer diners a new experience every time.

Meanwhile, General Manager Arturo Lima, a well-known local, welcomes customers to a stunningly redesigned space. Owners Jimmy Ulcickas and Richard Staunton worked closely with the City of Carlsbad to create the perfect contemporary fish house destination with reimagined dining room, a new bar and lounge area and fresh market and retail counter offering locally caught seafood and local wines.

Perfect for North County summers, the new space also boasts two new outdoor dining patios for alfresco dining.

Like all Bluewater neighborhood locations, Bluewater Grill Carlsbad is committed to not only serving the freshest seafood but also pioneering sustainable fishing and farming practices.

Since its debut Bluewater Grill has been providing an atmosphere of casual coastal style.

To date, more than 90 percent of the choices on Bluewater's menus are sustainably caught or farmed – among the highest of any restaurant in California. Bluewater

founders also operate the fishing vessel, Piliikia, to provide customers with the freshest, sustainably-caught seafood.

Bluewater Grill is open for lunch and

dinner daily. Hours are 11am to 9pm Monday through Sunday.

Barrio Glassworks is thrilled to welcome you to the historic Barrio Community of Carlsbad Village.

Fire and art in the Barrio

Barrio Glassworks is the realization of a family dream. In 2012, the Raskin/Devlin family landed on the famous glassblowing island of Murano, Italy for a vacation. Like so many others, Drew, Mary and Gary were transfixed watching master glassblowers at work, not realizing where fortune was about to lead them. Drew Raskin, an emerging multi-faceted artist, fell in love with the form and it was not long before his parents did too.

The family spent time with glassblowers in Seattle's glass community and were taken with the intricacy and collaborative spirit of the craft. The community of artists the family met and worked with demonstrated that a glass studio is not only a breeding ground for beautiful works of art, but also for cooperation and team effort. Barrio Glassworks is eager to share this collaborative beautiful art form with neighbors, travelers and artists in

residence.

Barrio Glassworks is thrilled to be located in the historic Barrio Community of Carlsbad Village and honor the true meaning of the word Barrio (neighborhood in Spanish) by creating inclusive opportunities for education, entertainment, and outreach. Programming includes community events, artist residencies, live demonstrations, instruction, studio rentals and Make-Your-Own experiences.

Visitors are invited to come be mesmerized by talented glassblowers practicing their craft in beautiful Carlsbad.

The business hosts a retail gift shop full of hand blown glass and an art gallery displaying work by local talent. Whether you're a local or a tourist, Barrio Glassworks is an exciting place to visit.
