Chef Fernando Gomez elevates North County seafood

Bluewater Grill Carlsbad continues to wow seafood fans, local foodies and visitors alike in Carlsbad Village. The destination restaurant opened in late 2017 to offer North County residents California's freshest, just-off-the-boat sustainable seafood in an atmosphere of casual coastal style.

Since its debut in the heart of the Village, Bluewater has established itself as the go-to source for sustainable seafood and shellfish, weekday happy hours, monthly tastings and wine pairings, and a distinctly neighborhood vibe.

Chef Fernando Gomez is making a name for himself in North County and beyond by introducing a number of new lunch and dinner dishes that leverage Bluewater's access to up to 40 varieties of fresh sustainable seafood and shellfish annually. From Pacific Swordfish harpooned in local waters to Grilled Whole Fish and San Francisco Cioppino with Black Mussels, he is adding his own local gourmet preparations regularly to offer diners a new experience every time.

Meanwhile, General Manager Colbys Hernandez, a North County resident, welcomes customers to a stunningly redesigned space. Owners Jimmy Ulcickas and Richard Staunton worked closely with the City of Carlsbad to create the perfect contemporary fish house destination with reimagined dining room, a new bar and lounge area and fresh market and retail counter offering locally caught seafood and local wines.

Perfect for North County summers, the new space also boasts two new outdoor dining patios for alfresco dining.

Like all Bluewater neighborhood locations, Bluewater Grill Carlsbad is committed to not only serving the freshest seafood

Chef Fernando Gomez is introducing lunch and dinner dishes that leverage Bluewater's access to up to 40 varieties of fresh sustainable seafood and shellfish.

but also pioneering sustainable fishing and farming practices.

To date, more than 90 percent of the choices on Bluewater's menus are sustainably caught or farmed – among the highest of any restaurant in California. Bluewater founders also operate the fishing vessel, *Pilikia*, to provide customers with the freshest,

sustainably-caught seafood.

Says Gomez: "It's been a thrill to introduce Bluewater's legacy of the freshest sustainable seafood to North County. Given Carlsbad's role as a sophisticated resort and vacation town, we knew that it would be a perfect fit."

Bluewater Grill, located at 417 Carlsbad Village Drive, is open for lunch and dinner dai-

ly. Hours are 11am to 9pm Monday through Thursday, 11am to 9:30pm Friday, 10:30am to 10pm Saturday and 10:30am to 9pm Sunday.

 Paola Richard, native of Rome and Founder of GelatoLove offers guilt-free dessert to celebrate everyday life and special occasions.

Does the word “Dessert” make you feel guilty or festive?

Paul Rozin is a psychologist at University of Pennsylvania who designed an imaginative survey for American eaters. The story is narrated in a book by legendary food journalist Michael Pollan: *In Defense of Food: An Eater’s Manifesto*. When in one experiment he showed the words “Chocolate Cake” to a group of Americans, “Guilt” was the top response. If that strikes you as unexceptional, consider the response of French eaters to the same prompt: “Celebration.”

The answers he collected are a pretty good indicator of a collective anxiety about food.

The original dream of **GelatoLove** was to design a guilt free dessert to celebrate everyday life, as well as special occasions. For those that dream of an Italian gelato that is creamy, tastes amazing AND contains 80% LESS SUGAR ADDED than regular ice cream: the dream has come true with GelatoLove!

The Carlsbad company founded in 2015 is cutting edge in food innovation. At GelatoLove the traditional Italian gelato recipes are combined with the ‘California’ devotion to healthy and local ingredients. All fresh fruit is sourced from local farmers

like the legendary **Carlsbad Strawberry Company**. GelatoLove is also a partner of the North County based dairy manufacturer Hollandia Dairy, which is also Humane Certified. It is also the first company in the world to use Allulose, a low-calorie sugar found in fruits like kiwis, raisins and figs. It improves sugar metabolism in the body, without the sugar rush.

“We hope to bring a positive contribution to food manufacturing and design in Carlsbad,” states Paola Richard, native of Rome and Founder of GelatoLove. “All our recipes are designed to mark a dessert revolution. One that can bring joy without health concerns.”
